

Virtual Igniting Peak Performance

Work together, play together and bring out the best in your team with our *Virtual Igniting Peak Performance!*

This high-level team building activity gives your group the opportunity to work together in a series of increasingly challenging activities focused on improving teamwork and communication, while also giving everyone the opportunity to shine.

Activities are followed by targeted debriefs to anchor in the key takeaways that can be put into action in the next round as well as implemented immediately in the workplace.

Participants will gain a better understanding of themselves, have a deeper connection with each other and be set up for greater workplace success and efficiency.

The Team Experience:

- Prior to the event, participants are provided with a welcome letter which includes what to expect and the list of items they will need to have on hand for the big day
- Event kickoff begins with a fun and effective group opening activity
- A progressively difficult series of challenges chosen to meet your specific needs will be presented, with opportunities for process improvement and learnings reinforced with a targeted debrief
- Each round, the teams will be given instructions in the main room, then moved to breakout rooms with their unique teams to come up with their best execution of the challenge
- They will then come back to the main room to present their proposed “resolution” to the challenge
- Wrap-up includes a celebration of the amazing accomplishments of the day and key takeaways from the experience - this debrief will be focused on your unique goals and desired outcomes

Virtual programs are delivered via Zoom. If you prefer a different platform, we are happy to accommodate, if at all possible.

A creative charitable donation can be added to all of our virtual programs – ask us how!
