

## Care Packs for Your Cause

Created to help community service organizations, this impactful give-back program is customized for the charity of your choice and engages participants in a meaningful team building experience.

Utilizing our iHunt app, participants solve exciting photo, video and trivia clues to earn the donation items.

Customized care packages will benefit homeless shelters, food banks, hospitals, animal shelters, nursing homes or any community service agency you choose.

### The Team Experience:

- Action begins with the facilitator’s short and powerful energizer
- Points earned from iPad challenges are redeemed at the “store” for care package contents
- Once teams have all the necessary items, they assemble the care packages and add personalized notes of encouragement
- All care packages are inspected by event staff before they are sealed for delivery
- Participants pose with completed care packages for a final group picture
- When possible, a charity representative will appear to receive the donation - this proud moment will make a lasting impression
